Harmony With Children

A ONE DAY EFFECTIVE
PARENTING WORKSHOP

BY

PRAGYAAN
INSTITUTE OF EXCELLENCE

Testimonial

Pragyaan's "Harmony With Children" workshop has helped me and my family to address issues and find solutions, whereas before it always ended in an argument or a feeling of guilt. The advise and discussions opened my mind and I feel more positive about my parenting skills now. I recommend this to anyone who are in contact with kids.

Harmony With Children is a unique workshop designed for parents and teachers. Parenting is the greatest and most important job on Earth. It's one of the most responsible jobs as well. Because you are the one who creates the future generation. Increasing nuclear family culture and working parents make it more stressed. This workshop helps you in playing the role of a role model smoothly and gives your children the quality time and manners you want
